

Dr. Frank Sposaro

EXPERIENCE	<i>Power Platform Consultant, Owner</i> DrFrankDoes, LLC. Lakeland, FL	2022-2024
	• Automated daily reporting system for large regional automotive distributor • Developed PowerPages reporting app for global property management company • Advised enterprise customers on environment strategy • Designed ALM process for PowerPlatform solution • Created PowerAutomate calling flow for small business • Released custom connectors to call existing APIs • Implemented tax bot using CoPilot Studio and ChatGPT APIs	
	<i>Power Platform Lead Architect</i> Northeast Region, Microsoft	2020-2023
	• Answered HR enterprise questions with Bot using CoPilot Studio • Advanced digital transformation by identifying strategic workloads • Developed Power App for an Orlando Theme Park's production kitchen • Integrated Power Platform Canvas App with University's security cameras • Migrated Software Marketplace to Dataverse and enforced RBAC • Created PowerVirtualAgent to assist customers with training • Cultivated customers' Low Code/No Code community • Mentored Low-Code CSAs to perform customer engagements • Tailored Power Platform training plans for enterprise customers	
	<i>Cloud Solution Architect. Power Platform Developer</i> Strategic Accounts, Financial Services, Microsoft	2018-2020
	• Increased revenue by 10% MoM after deploying cloud audit solution • Solidified business cases by facilitating conversations with leadership • Architected cloud native solution to solve business needs • Planned roadmap to take product through development to production • Completed milestones across pre and post sales pipeline • Utilized cross team resources to drive execution • Accelerated time to market for tax solution by optimizing CI/CD pipeline • Crafted enterprise wide learning journey to upskill workforce • Optimized operating efficiency by implementing agile practices at scale • Supported questions by Auditors using Power Virtual Agents with Dataverse	
	<i>Software Development Engineer</i> Xbox Store, Microsoft, Redmond, WA	2013-2018
	• Reached millions worldwide by creating multi-platform e-commerce store • Shipped high revenue features by leading full stack engineering efforts • Drove user inclusion by advising team on accessibility excellence • Influenced feature roadmap by making data driven decisions • Speed development velocity by managing build infrastructure • Maintained code quality by constructing tests and reports • Delighted users by optimizing application performance • Decreased cross team resource needs by publishing reusable components	
	<i>Research Programmer, Tech Lead</i> FSU Computer Science Department, Tallahassee, FL	2010 - 2013
	• Prototyped medical monitoring framework using Android Platform • Automatic fall detection and alert using triaxial accelerometers • Automatic wandering detection and alert using GPS and contextual data • Short and long term heart rate monitoring with bluetooth sensors • Founded <i>The Mobile Lab at FSU</i> (mobile.cs.fsu.edu) – Branded, publicized, recruited student organization – Implemented and moderated QA forum for mobile developers	

	<i>Microsoft Student Partner</i> 2012 - 2013 Florida State University, Tallahassee, FL - Engaged with Microsoft developers, partners, MVPs - Community outreach, Brand ambassador, Event host - Drove 100+ applications to publication on Windows 8 Store
	<i>Android Developer</i> 2012 iMobile3, Jacksonville, FL - Automated build and installation process including lint and test reports - Designed unit test framework for Android apps - Wrote RoamPayX, a client side payment app
	<i>Software Engineer, Intern</i> 2011 Android Contacts App, Google, Mountain View, CA - Programmed UI for favorite contacts in the Phone and People Applications - Designed code for various screen sizes and resolutions - Documented and fixed various bugs for the release of Ice Cream Sandwich
	<i>Electronic Arts Campus Rep</i> 2004 - 2011 Tri-Sqox Marketing, Redwood City, CA - Managed public relations with clients at Florida State - Planned, executed, documented 150+ promotional events
	<i>Research Programmer</i> 2008 Traffic and Criminal Software, FSU College of Engineering, Tallahassee, FL - Prototyped law statute matching software using C# - Created GPS Library with Visual Studio 2008 using C# - Automated scripting for build environment using NAnt
	<i>Software Engineer II</i> 2007 ARINC, Oklahoma City, OK - Simulated KC-135 MIL-STD-1553 aircraft data bus using Harris SecNet 11 - Data analysis on RS-232 hardware GPS system with XML and C++ - Designed multiresolution, event driven GUI interfaces in VB.NET and C# - Automated user tasks for aircraft pilots using Windows and Unix scripts
EDUCATION	Florida State University 2004 - 2015 - Computer Science. PhD 2015, Masters 2012, Bachelors 2008 - Vision Training, Mobile Medical Monitoring, Android System Research
CURRENT CERTS	
COLLEGIATE INSTRUCTOR	Course Co-Founder, Primary Instructor 2010 - 2013 - Mobile Programming: Windows 8 Application Development - Mobile Programming: Android Application Development <i>Teacher's Assistant</i> 2007 - 2010 - C++, Comp Lit, Comp Ethics, Data Structures, Web Programming
PUBLICATIONS	Programming Trends on Smartphones Feb. 2013 BEAT: Bio-Environmental Android Tracking Jan. 2011 iWander: An Android Application for Dementia Patients Sept. 2010 iFall: A Cell-Phone Based Fall Detection and Warning System Apr. 2010 Indoor Tracking of Geriatric Patients Using Bluetooth Mar. 2010 Geriatric Medical Application Suite on a Sweet Phone Mar. 2010 iFall: An Android Application for Fall Monitoring and Response Sept. 2009
