Teacher's Assistant for CGS 2100 (Computer Literacy)

- In charge of grading assignments and exams.
- Course work based on Word 2007, Excel 2007, Access 2007, Power Point 2007.

5/2007 – 8/2007 **ARINC** Oklahoma, OK

COOP Software Engineer II

- Constructed a Harris Sec Net 11 Secure Wireless Network.

Frank.Sposaro@gmail.com

813.404.3972

- Installed and configured Windows 2003 Terminal Services.
- Utilized C++ to perform advanced XML parsing and generation processes.
- Collected, stored, and managed data gathered from a 1553 bus.
- Mined data from a RS-232 hardware GPS system.
- Utilized Visual Studio.Net and g++ to create cross-platform compatible executables.
- Designed multi-resolution, event driven GUI interface in VB.NET.
- Provided team with technical documentations of current works.
- Created action item tracking system database utility in ASP and AJAX.
- Automated tasks for air craft pilots by constructing Winbatch and WIL scripts.
- Installed and networked various OSES on single board, blade computer systems.
- Simulated KC-135 1553 aircraft databus.
- Automated internet connection to the Iridium Satellite Service with Linux scripts.
- Recovered unknown Windows passwords to gain control of unknown machines.

Technology Skills

C,C#, C++ , ANSI C

Java, Java 2 Platform

VB.NET

MIPS Assembly

JavaScript EXT 2.0, AJAX

PHP, ASP, SQL, MySQL

HTML, XML, CSS

Winbatch, WIL, AutoIt

Microsoft Office 2007 Suite

Visual Studio (.NET) 2008

Macromedia Suite

Adobe Suite

VMWare, Virtual PC, Virtual

Box

Windows Vista / XP

Windows 2003 Server

Terminal Services

Linux / Unix Platforms

Troubleshooting

Programming Design

Graph - Table Design

Website Design

Algorithm Analysis

General Networking

Team Leadership

Communication Skills

Awards

- EA Sports Award for Networking
- EA Sports Award for Creativity
- EA Sports Award for Overall Excelled Performance
- ARINC 2007 August Outstanding Employee of the Month Recognition Award

Activities

- Current ACM Historian
- Android Application Development
- Parallel Communication Research
- Owner of small, start-up business "Mad Ugly Clothing"
- Administrator of merchant site "maduglyclothing.com"
